BEMIDJI COMMUNITY THEATER NEEDS YOUR HELP to begin building its performing arts space for future events such as *Trip To Bountiful* (Coming May 2020) and BCT Jr. Theater Summer Camp next June. To fund the project, developed by local architect Mike Johnston, BCT has started a modest Capital Campaign with a goal of $80,000. Money donated will help provide sound and lighting equipment and the electrical capacity needed for that equipment, restroom and other renovations to meet code for a small performance space, restoring the two mezzanines including removing the drop ceiling on the main floor and stage/dance flooring for performances and classes.
