Building Community Together

Renovation of the interior of the building is going well. We are waiting for permits to begin spray foam insulation of the roof, then sheet rock, then the sprinkler system. Still plenty of work for anyone wanting to volunteer to help.

Are you in need of some holiday cheer? Have current circumstances taken the wind out of your sails? Do you need a pick-me-up? If you answered yes to any, or all of these questions, then head on down to the BCT Performing Arts Center and listen to some of your favorite Christmas carols. As part of the Bemidji Jaycees Christmas Window Display Contest, BCT families will be featured live in the window display singing carols to passers-by! We will be putting a speaker outdoors so that you can hear the songs and maybe even pause and sing along outside in safety of your family groupings.

On Nov. 27, 28, and Dec. 11 from 6 to 7 pm stroll by to enjoy the holiday caroling and view the Victorian window scene complete with Christmas tree, Santa’s mailbox, a carousel horse, and other decorations. Get into the spirit of the season while remaining safe and feel free to vote in the window display contest.
